Walk-in freezer (-20°C)	106,014 cu. ft. (3,002 cu. m.)	
Frozen (-20°C)	50 reach-in units	
Frozen (-30°C)	50 reach-in units	
Frozen (-40°C)	50 reach-in units	
Ultra-frozen (-70°C)	64 reach-in units	
Ultra-frozen (-80°C)	64 reach-in units	
Cryogenic ($\leq -135^\circ\text{C}$)	Variable	

Summary of capabilities

From molecule to medicine: An integrated partner for every step in your drug development journey

Thermo Fisher Scientific provides industry-leading pharma services for drug development, clinical trial logistics, and commercial manufacturing through our Patheon™ brand. We partner with customers in the pharmaceutical, biotech, and life sciences industries as their trusted CDMO to deliver medicine to patients faster. With more than 60 facilities around the world, we provide end-to-end pharma services across all phases of development and commercial manufacturing, including API, oral solid dose, biologics, cell therapy, mRNA, viral vectors, formulation, clinical trial solutions, logistics services, and packaging. We couple our scientific and technical excellence in these areas with a strategic partnership to provide customers of all sizes access to a global network of facilities and dedicated experts across the Americas, Europe, Asia, and Australia. Through our integrated service offerings, we provide tailored solutions to fit your unique drug development journey, accelerating your time to market.

Discover the power of partnership and our global network.
